

FOUR WIVES SEEK DIVORCES IN THE BUCKS CO. COURTS

Husband of One is Still in
Italy; Married in
1940

ONE LIVES AT CO. SEAT

Hilltown Twp. Woman and
Husband Lived Together
Only Four Months

DOYLESTOWN, Oct. 7—Four
wives, one of whose husband is still
in Italy and a libellant who resides
here, have filed libels in divorce in
the Court of Common Pleas.

Mrs. Esther C. Noblett, 103 Har-
vey avenue, this place, has named
her husband, Charles M. Noblett,
Hathor, the respondent in a libel
in divorce. They were married June
16, 1927, in New Britain, and sepa-
rated May 27, 1943.

Mrs. Frances Vandegrift Carpen-
ter, of Furlong, has named her hus-
band, William Vergil Carpenter, of
Lehigh, Italy, the respondent in a
divorce action. They were united in
marriage September 25, 1940, here.
They separated June 13, 1944, and
the respondent is still in Europe.

Christian L. Vogel, Colmar, has
been named the respondent in a
divorce suit filed by his wife, Cath-
erine M. Vogel, Hilltown township.
They were married November 26,
1946, in Hilltown, and separated
March 11, this year.

A resident of Bucks county since
July 27, 1941, Mrs. Viola Elizabeth
Flavelle, Perkasie, RD 3, has started
an action in divorce against her
husband, Robert Smith Flavelle.
They were married May 11, 1918, in
Manhattan by Deputy City Clerk
Michael J. Cruise, of that borough.
The libellant and respondent sepa-
rated May 28, 1925, in Park ave-
nue, West New York, N. J. The
present address of the respondent is
unknown.

Girl Scouts' Broadcast Considered A Success

The first Bucks County Girl
Scouts' broadcast over WTTM was
held Saturday, and from all reports,
it was very successful. The broad-
cast had not been completed before
telephone calls were coming in,
voting for the various girls. As
stated, the voting will continue un-
til midnight of Friday, October 10th
and the winner will be announced
October 18th.

The program opened with the
Senior Girl Scouts' chorus singing
"Girl Scouts Together." This chorus
is composed of the Misses Nancy
Heyman, Alice Hennessy, Shirley
Martin, Audrey Nash, Jane Fisher,
Ann Blesler, Helen Westfall, Molly
Leatherman, Greta Wells, Nancy
Lou Thomas, Marge Arcade and Jan
Radcliff.

The first amateur was a novelty
vocal solo by Nancy Heyman who
sang "The Ricketty Rickshaw Man."
The second amateur was a group
composed of Alice Hennessy, Au-
drey Nash, Jane Fisher, Ann Bles-
ter, Helen Westfall and Molly
Leatherman, that played musical
bottles to the tune of "Sweet Sue."
The third on the program was the
chorus which sang "Long, Long
Nail" to the tune of "It's a Long
Long Trail." The fourth was a
piano solo "Nola" played by Greta
Wells. The last was a vocal solo
"The Lord's Prayer" by Nancy Lou
Thomas. The program ended with
an interview of Miss Shirley Martin
who briefly described her experi-
ences at a Girl Scouts' camp.

Inside Your Congress

To The Attorney General

—by—
SAMUEL B. PETTINGILL

"The Gentleman from
Indiana"

Dear Mr. Attorney General:
Freedom Train, with its priceless
mementos of liberty, is starting
around the country. I congratulate
you on the support you have given it.

Freedom Train will raise many
questions in the minds of millions
who will view its exhibits. How
much actual freedom does this gen-
eration enjoy? Are the rights of
man now being trampled underfoot
here in America?

I call your attention to an item
in The New York Times of Septem-
ber 10th. It concerns Frank Gal-
kowski, father of five children, and
an employee for 23 years of the Na-
tional Silver Warehouse Company.
Galkowski belonged to the Whole-
sale and Warehouse Workers Union,
Local 65, CIO. This union "recently
authorized an assessment equal to
one week's wages to set up a \$500-
000 Taft-Hartley strike fund." Gal-
kowski refused to make the pay-
ment. Maybe his children needed
the groceries a week's wage would
buy.

The union, thereupon, nailed him
on the closed-shop cross of its con-
tract with the warehouse company.
It forced his reluctant employer to
fire him, although he was "an ex-
cellent and reliable worker."

Activities of Interest To
All in The Various
Communities

GLEANED BY SCRIBES

Said to have been melancholy for
several weeks, John Ciganick, 33,
son of Mr. and Mrs. Andrew Ciga-
nick, of near Carversville, com-
mitted suicide in a woodland tract
on his father's farm Friday.

The father could ascribe no cause
for the deed. He said the son ap-
peared to have been contented.
Young Ciganick left the buildings
to take several dogs for a walk,
and when he did not return, a
search was started.

A brother, Charles, found the body
suspended from a bush in the
woods. Ciganick formed a noose
with his belt and fastened one end
of it to a limb of the bush.

The annual meeting of Bucks
County Natural Science Association
will be held Saturday in
the auditorium of the Newtown
school. Election of officers for the
ensuing two years will precede the
two addresses.

Clayton M. Hoff, Wilmington,
Del., will give an illustrated talk on
"The Brandywine Valley."

Henry T. Skinner, director of
Morris Arboretum, Chestnut Hill,
will give a talk on "Unusual Au-
tumn Colors and Seed Pods." He
will show some slides and will also
have specimens for study.

James Walter Cogan, retired
American Telephone & Telegraph
statistician, died at his home in
Doylestown, Saturday, following a
heart attack.

A SUMMARY OF THE NEWS

The Government, acting to save
food to increase relief shipments
abroad and to bring down prices at
home, asked the boards of the na-
tion's grain exchanges yesterday to
increase margins on all trading in
futures to 33 1/3 per cent. The big
exchanges in Chicago, Kansas City
and Minneapolis reluctantly ac-
ceded to President Truman's re-
quest, prices broke sharply.

White House menus were made
public as an example to the nation.
A cheese souffle and broiled sal-
mon will feature today's meatless
meals; stuffed peppers and baked
ham are on Thursday's no poultry-
no eggs menu.

Bread and butter vanished from
restaurant tables here, but the re-
quest for meatless days came too
late to go into effect today. Gov-
ernor Dewey attended the first
meeting of his State Food Com-
mission, which hopes to educate
people to a more healthful diet
through voluntary meat reduction.

A long-range farm program of
"sustained abundance" after the
present crisis is passed was recom-
mended to Congress by Secretary
Anderson. Senator Wherry opposed
a special session to provide emer-
gency aid to Europe. He suggested
that collateral for United States

Release Motorist In \$500 Bail Until Court

Arraigned before Justice of the
Peace Arthur P. Brady, yesterday,
on the charge of operating a motor
vehicle while under the influence
of intoxicating liquor, Francesco
Berotti, 14 Beaver Dam Road, Bris-
tol Township, pleaded guilty to the
charge and was released in \$500
bail until the next term of court.
The accident occurred early Sun-
day evening and according to wit-
nesses Berotti was heading north
on Beaver Dam Road and as he was
crossing Route 13 he lost control of
his vehicle and slightly damaged
the car owned by David Talone,
123 Harrison avenue, Morrisville.
He was stopped at the intersection
facing south.

State Police were notified and
Berotti was taken into custody and
turned over to the Bristol police.
The arresting officer was PFC
Thomas F. Marks, of the Pennsylv-
ania State Police.

SCOTCHMAN THRILLS TO FOOD IN THE U. S.

Edinburg Instructor Amazed
at Both Quantity and
Quality

VISITING AT YARDLEY

YARDLEY, Oct. 7—A resident of
Scotland, a country where rationing
of food is still strictly enforced,
John D. Westwood, Edinburg, is
much impressed by the quantity
and quality of food in this country.

Mr. Westwood, an instructor in
an Edinburg school, has been visit-
ing his sister-in-law, Mrs. Marian
Brindley, here, following an 18,000-
mile tour of the United States and
Alaska. He feels that a hamburger
and coffee are just about the ideal
luncheon.

"Corn on the cob," said Mr. West-
wood, "amazed me, and in the short
time I have been in your country I
have grown to be quite fond of it.
I even sent a tin can of corn back
to my wife as a special treat."

In addition to commenting upon
the abundance of food in this
country, the visiting school master
spoke of youth in this country, and
in this connection said: "High
school boys here are not the cul-
tural equal of Scottish high school
boys, but are more wide awake and
enterprising."

"Your football games amazed me,
and at first I was annoyed by the
enthusiasm of your cheering sec-
tions, but I found later I was grow-
ing to like it. The feminine leaders
look very attractive."

Mr. Westwood said also he was
impressed with the scenery and col-
oring of this immediate vicinity,
and the Delaware Valley, he com-
mented, seems like an ideal place in
which to live.

Among the places Mr. Westwood
visited before coming here were
Vancouver, Chicago, Detroit, To-
ronto, New York, Greenwich and
Los Angeles.

BABY DIES

NEWPORTVILLE, Oct. 7—A boy
born to Mr. and Mrs. George Old-
ham, Jr., in Harriman Hospital,
Bristol, yesterday, died at birth.
The baby is also survived by three
sisters and two brothers, Anna May,
Mary, Margaret, Herbert and
George. 3d Private Interment will
be made at four o'clock this after-
noon at Forest Hills Cemetery.

son, funeral director, in charge.

PLAN NOT TO TAKE ADVANTAGE OF LAW AUTHORIZING PAY

Hulmeville Councilmen Are
Anxious Funds Be Secured
For Street Improvements

14 DOGS ARE SHOT

Adopt Ordinance for In-
creasing Debt to Care for
Street Improvements

HULMEVILLE, Oct. 7—Being of
the opinion that borough funds are
sorely needed for other purposes,
Hulmeville borough councilmen
last evening decided not to take ad-
vantage of a state law under which
councilmen and burgesses would be
authorized salaries for services
rendered.

Legislation under which borough
fathers could vote themselves a sal-
ary was discussed at length, but
councilmen, anxious to push
through as soon as possible neces-
sary details for improvements of
certain streets, decided not to take
advantage of said law.

Samuel J. Illick presided at the
meeting in the town hall, with all
councilmen present.

At this session an ordinance for
increase of the borough debt in the
sum of \$25,000 for the purpose of
providing funds for improvement of
borough streets was read and
adopted. Borough solicitor Law-
rence Monroe, Esq., went over a
variety of details with the council-
men.

Public School News:

"HAY FEVER" IS BEING
REHEARSED LOCALLY

Comedy for Bristol High
Seniors is Directed by
P. B. Frankmore

DATES: NOV. 21 AND 22

"Hay Fever," a highly successful
comedy by Foll Coward, has been
chosen for the senior class of Bris-
tol high school for its annual pro-
duction.

"Hay Fever" is the story of an
eccentric family of four—the Bliss-
es. The mother, Judith, is a former
actress who believes that she is
"positively stagnating" in their
country home; the father, David, is
a writer; Sarel, the daughter, is a
spoiled darling; and Simon, the son,
a self-admiring artist. What hap-
pens when their four unacquainted
guests are gathered for a week-end
house party at the Blissess results
in a riot of comedy.

The following cast has been
chosen: Judith Bliss, the mother,
Gladya Liberator; David Bliss,
the father, Harry Stephens; Sarel Bliss,
the daughter, Joan David; Simon
Bliss, the son, George Fraser; San-
dy, David Morrell; Myra, Lydia
Sheldon; Jackie, Joy Reed; Clara,
Rita Clott.

Prompters for the play are as
follows: Jean Arnold, Elaine Reed,
Joseph Rago, and Joan Quigley.

The play is to be given on No-
vember 21 and 22. Rehearsals are
now underway at the high school,
with Philip B. Frankmore directing.

Seven Youths Injured When Auto Strikes Pole

LANGHORNE, Oct. 7—En route to
Phoenixville from New York, N. Y.,
on Sunday, seven youths were in-
jured when the automobile in which
they were riding struck a pole on
the old Lincoln highway near here,
following a collision with another
car.

Treated for cuts and bruises and
shock at Mercer Hospital, Trenton,
N. J., were Paul Boldez, Jr., 17;
Dean Bradford, 17; Calvin Jacobs,
17; Robert Spack, 16; Robert Ver-
ish, 17; Frank Ujohol, 17, and the
driver, John Podsobinski, 17, all of
Phoenixville.

The other car was driven by
James A. Calvani, 45, Philadelphia
sea food merchant.

The ambulance of Union Fire
Company, of Morrisville, trans-
ported the injured to the hospital.

POST OFFICE REVEALS GROWTH OF AREA

Business Has Expanded and
The Staff Has Been
Increased

OWN MOTOR TRUCK

Growth and development of the
Bristol area is reflected in the in-
creased business being handled
through the Bristol post office.
Fourteen years ago when Joseph P.
Duffy became postmaster here, the
staff consisted of five carriers,
three clerks, the postmaster and an
assistant postmaster.

"At present we have seven car-
riers, one sub-carrier, seven clerks,
one mounted carrier, one assistant
postmaster, and a special delivery
messenger. So you can see we've
more than doubled our staff in the
past 14 years," asserts Duffy.

Interviewed at his office, Post-
master Duffy revealed a number of
improvements made at the post
office building.

"Then we had no truck of our
own. The one we used was con-
tracted by us for delivery of mail.
Now we have our own modern
truck to take care of this job,"
Duffy said.

Duffy revealed that air mail ser-
vice was not officially inaugurated
in Bristol until 1935. Prior to that time
they had air mail service but it
was more or less sporadic. Air mail
was eight cents an ounce then, and
is now down to five cents.

"Quite a few letters are still be-
ing sent overseas via the air mail
route. Most of the letters go to
Italy, Poland and Germany. Natu-
rally there are some that go to the
Pacific. We handle other than air
mail, some 10 to 12 thousand pieces
of first class mail here daily, and
that doesn't include parcels. This

RETURN TO VEGETABLES

As a result of Europe's inability to sustain itself, the drought and this nation's short corn crop, an enforced revival of vegetarianism is in the offing. Experts who have tried to forecast the pattern of the months ahead see a brief period of bulging butcher cases because meat animals will be marketed as a result of high feed prices.

After that there will be a 10 per cent or 20 per cent decline in meat supplies during 1948 and another big decline in 1949. Meatless days are here again.

When the supply pinch comes, housewives will become tired of competing at the meat counters for insufficient roasts, steaks and chops at soaring prices and will rediscover virtue in the succulent bean, the vitamin-crammed tomato and the toothsome sweet potato.

Corn, beets and succotash will win some "or else" attention from the meat, gravy and potatoes man. Maligned spinach and the lowly turnip will come into their own. A man is going to fill his stomach and if that sublimation of the vegetable diet—meat—isn't available, then the inner man is going to be fortified with the things that make meat.

Perhaps people will make a fair and unjaundiced test of the vegetable diet to see whether there are all the beneficial results the vegetarians claim.

MARKSMANSHIP BY MACHINE

Time was when artillery gunners aimed and fired their pieces themselves and marksmanship was a matter of individual skill. Now artillery marksmanship is more and more a matter of mathematics and machines and the best calculators shoot the straightest.

In fact, the need for lightning calculation to make possible the interception of high-speed guided missiles and rockets is so great that the human brain is unequal to the task by itself. The result is something called Radac, which stands for rapid digital automatic computation.

Radac is an electronic brain which snaps out virtually instantaneous answers to problems of aiming and firing at high-velocity targets. If the human brain cannot think fast enough to provide the answers itself, at least it can think up a mechanical substitute which can.

The Indian was smart in having his summer after things cooled off a bit.

Inside Your Congress

Continued from Page One

"Union officials could not be reached for comment," according to the Times.

You should comment. The greatest of all civil rights, Mr. Clark, is the right to live. But men can live only if they work. All other rights mean little to Frank Galkowski if his right to work is not enforced.

Does Frank Galkowski have the right to work? If he is too poor to kick in with a week's wage, does he have to give up a job with 23 years' seniority? Do he and his family have to go on relief? Do I and other taxpayers have to support them? If he honestly thinks the Taft-Hartley Bill is a good law, must he be forced, against his will, to cough up a week's wage to repeal the law he favors?

President Truman, and you, and other members of the Cabinet are asking for billions to help Europeans in want. How about helping Frank Galkowski, an American in want? And millions more who face similar threats today, here in America?

Do you think a labor union should have the power to follow Frank Galkowski into a ballot box and force him to mark his ballot as it dictates? If not, what difference is there in principle between doing that and forcing him to kick in a week's wage to be used in a political campaign against his will? Or if he refuses, as he did to be forced to lose his job and his children's bread?

Is this a free country or not? Or is Freedom Train a museum of abandoned liberties?

Mr. Attorney General, this concerns you! The Taft-Hartley Bill is the law of the land. President Truman notwithstanding. Millions of union men and a majority of the public favor its provisions. You are the chief law enforcement officer of the Federal government. What are you going to do about Frank Galkowski?

The Taft-Hartley Law says that any labor organization (or corporation) which contributes to, or spends money in a political campaign is a law violator. It says that the violator shall be fined up to \$5,000 and its officers shall go to prison.

If "The Times" article is correct, this union has announced its purpose to spend money in a political campaign. A number of other unions have already done so in connection with the election of Congressmen, recently, in Baltimore and in Pennsylvania.

What are you going to do about it? Are law violators going to jail? Or is Frank Galkowski going on relief?

The Supreme Court once condoned extortion against truck farmers, a practice which Chief Justice Stone rightly called "highway robbery." But since that infamous decision, there has been an election, a new law against coercion and violence has been written, and Frank Galkowski has been fired from his job.

My readers will be interested in your reply.

A Summary of The News

Continued from Page One

Britain, Italy expected an intensified Communist propaganda campaign and the French feared a sharper division of contending forces in that country.

Delegates at the United Nations General Assembly received the news of the new Communist organization with apprehension, some fearing that it would split the United Nations. Others felt that Russia had decided that reconciliation with the Western powers on basic issues now was hopeless.

In the Assembly's Political Committee Deputy Foreign Minister Vishinsky of Russia declared that the United States had crushed Greek independence and sovereignty and had converted the country into an American "military base."

Procedural differences between the United States and Russia delayed progress at the meeting of the Foreign Ministers' deputies in London on the future of Italy's colonies.

Socialists elected the Mayor and virtually their entire slate, including eleven Councilmen, in Norwalk Conn.

NATIONAL FIRE PREVENTION WEEK
OCTOBER 5-11

... AND EVERY Quonset® BUILDING HELPS FIGHT THE THREAT OF FIRE

Take note of the steel-framed, steel-covered Quonsets you see on farms, in industry, in commerce. Each one stands out as a steel-clad guardian against the ravages of fire in your community.

National waste by fire in a twelve-month period, ending March 30, 1947, passed the \$600,000,000 mark, for the first time in history. That is to say nothing of lost production, lost time, terror.

But Quonsets are fire-safe. Their non-inflammable Stran-Steel arch ribs, studs and joists check the spread of fire. Their steel covering will not "go up in smoke."

Meet your building needs with fire-resistant Quonsets. We have a building to meet every requirement. Call today.

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN)

2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN [One brakeman usually rides in the locomotive in freight service]

—BUT THE UNION LEADERS WANT 15 EXTRA "SITTERS" ON THIS TRAIN ... 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS ... TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed
feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

Increased Wages, Too
On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employees
In addition to this, an Arbitration Board has just granted a wage increase of 15½ cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

Where Will The Money Come From?
Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.

In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate increase.

No other course is open.

Railroads Do Not Run For Employees Alone
Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

Rainbow Girls Install Officers at Doylestown

DOYLESTOWN, Oct. 7.—At a public ceremony on Friday evening in K. G. E. hall, officers of Doylestown Assembly of the Order of the Rainbow for Girls were installed.

Among the guests were the district deputy, Miss Elizabeth Ludwig, the worthy grand advisor of Pennsylvania; Miss Grace Coryell, and Rainbow and DeMolay visitors of Pennsylvania and New Jersey.

Miss Edith Elliott, of Wycombe, past worthy advisor, was presented her jewel. Miss Ruth Mae Heacock, Plumsteadville, was made worthy advisor, and Miss Janet Zeek, Doylestown, is the new worthy associate advisor.

Other officers are: Charity, Greta Weik; Hope, Jean DeWitt; Faith, Patricia Keck; recorder, Helen Berghstrom; treasurer, Nancy Hamilton; chaplain, Janice Myers; Love, Margaret Lear; Religion, Marjorie Scarborough; Nature, Doris Jean Angen; Immortality, Joanne Hobensack; Fidelity, Freda Wedman; Patriotism, Adair Shepherd; Service, Pauline Bartleman; confidential observer, Margaret Kuhlman; outer observer, Shirley Crouthamel; musician, Geraldine Hamilton, and choir director, Bette Bachman.

Committee Making Very Good Progress

At one of the most enthusiastic meetings held thus far since its inception and appointment three weeks ago by President Joseph Roos, the Ways and Means Committee of the Sixth Ward Volunteer Fire Company, No. 6, listened with interest to the report of Secretary-Treasurer Theodore Sak of the results of the committee's efforts thus far, which has resulted in a most gratifying income of revenue toward the purchase of a fire-fighting apparatus befitting the personnel of the company.

The next effort of the members of this committee will be a spaghetti supper to be held Thursday evening in the fire house, to which members will be privileged to bring a friend. The supper will be served at eight o'clock.

In due course there will be held card parties, pie and cake sales, and an indoor clam-bake.

It was decided to hold the first pie and cake sale in the fire house on Saturday, October 18th, starting at nine a. m.

The meeting then adjourned to meet again Monday evening at eight o'clock in the fire house. At the conclusion of the session, refreshments were served.

Sure We Save USED FAT on the 20th Century!

Save New York Central 20th Century Coal. JOSEPH RUSCH

Even in the limited space of a train galley, it's a New York Central rule that used fats be saved. Why? Because, folks, our government says every pound of used fats should be saved to help relieve a world shortage that is still critical. Last July, for example, our dining cars and commissaries turned in almost five thousand pounds. And we're keeping at it. So if you're not saving fats as regularly as you used to, won't you get back in the habit? Every drop is still needed!

MORRISVILLE

The Community Club, a new student organization formed to create wider interest in the community, has been formed at Morrisville high school. James E. Wood is faculty adviser. He and the students plan visits to industrial plants and other points of interest in the community.

A meeting of St. Theresa's Guild of Holy Trinity R. C. Church is scheduled for Wednesday evening at the residence of Mrs. Frank Purdy, with Mrs. Albert C. Greco being in charge of business.

Announcement is made of the birth of a son to Mr. and Mrs. Roland Webber in Harriman Hospital, Bristol, on Sunday.

Burgess Urges Employment Of Physically Handicapped

Burgess Jacob C. Schmidt in a statement today heartily endorsed "Employ the Physically Handicapped Week" which is being observed nationally this week, and urged employers "to make a special effort to cooperate in order to place those who unfortunately through no fault of their own have a disability which must be taken into consideration in their proper placement in a job."

In acknowledging the Burgess' indorsement, Francis L. Mathews, manager of the local office of the Pennsylvania State Employment Service also said: "At the present time we have 11 applicants for employment registered with our office with various degrees of disability, 23 of whom are veterans. From previous experience we have found that the handicapped person properly placed in many ways make a better employee than those not handicapped."

He further urged employers with jobs and handicapped applicants who are not registered to call at the local office so that they can be properly serviced.

manic body last evening. The said ordinance is to be voted upon at the November election. If such increase in the borough debt is favorably voted upon, it was pointed out, it will not be necessary to increase the tax rate to such an extent as would otherwise be necessary.

Councilmen were informed that 14 dogs, unlicensed and running at large, had been shot in the borough in recent weeks by a designated official.

Communication from Philadelphia Electric Co., regarding placing of longer brackets on street lights, was read, and the secretary, Miss Harriet Bunting, instructed to advise the utility company that authorization for changing such had been granted by borough council last winter.

Repairs on Green street were reported as progressing. A letter from Hulmeville - Middletown Parent-Teacher Association, asking that speeding on Main street in the vicinity of the school house be curbed, was read, and referred to the Penna. Dept. of Highways. Council further arranged to break up this practice.

Tax collector George M. Dicken was exonerated of collection of outstanding 1946 taxes.

Miss Grace H. Illick sent to the meeting her report as treasurer. This showed a balance in the general fund of \$2139.29; sinking fund, \$1159.54; and memorial park fund of \$14.68. Bills ordered paid last evening are as follows: Philadelphia Electric Co., total of \$65.13; Langhorne Spring Water Co., \$6; postage, \$72; mowing of Memorial Park (three weeks), \$15.

Complaint being received that grates had been removed from drainage points on the bridge spanning the Neshauney Creek, the secretary was asked to notify Bucks County Commissioners of the danger involved.

passed into northern Ohio and Indiana, where farming conditions appeared to be poor. Soil in Illinois appeared to be of better quality, and it was there they saw the black loam and market gardening near the large cities. Soy beans and corn are grown extensively in Illinois. They ran into one section where farming seemed to have been poor and much of the hay was left in the field. This proved later to be the section in which timothy seed is produced.

Large fields of oats were observed in Iowa. Stockyards in Chicago were found to be almost depleted. Commenting on the land values in that section of the country, Mr. Satterthwaite said it sells from \$200 to \$350 per acre.

Many farmers, said Mr. Satterthwaite, are holding on to their last seasons corn crop because when they made the trip the prospects for a good corn crop this season were poor.

Buffalo grass in Wyoming and Idaho were described, and in Ore-

gon and California large fruit producing sections were seen. Roads in Texas were described as being straight and long, and it was in that state large ranches of cattle were seen.

Arkansas and Oklahoma, said Mr. Satterthwaite, had large fields of cotton, and miles of rice sections were seen in Arkansas. On the return trip the party

passed through Kentucky, and it was there the blue grass claimed their attention. Farming in Kentucky, said Mr. Satterthwaite, was quite similar to that in Pennsylvania.

CORVALLIS, Ore.—(INS)—Everybody's happy about Oregon's solution to the problem "What to do with the kids when the older folks

are out working in the fields?" Last year there were 1045 children under 14 in seven Oregon farm labor camps. Twenty-three churches got together and supplied teams of college girls interested in sociology who got some practical experience in child care.

Post Office Reveals Growth of Area

is more than twice the amount of mail that we used to handle about 10 years ago.

"Naturally, our routes have increased greatly. The R. D. route that took in Croydon became so large that we had to divide it into two sections. We also serve both the Terraces, Landreth Manor, Fleetwing Estates, and the Bloomdale Estates. We have a special name for the man who serves these areas, the mounted carrier," commented Duffy.

In Duffy's period as postmaster, there were two attempted robberies of the post office, but both failed. When queried about the dead letter office, the postmaster stated thoughtfully at the ceiling and said: "Well, we do get quite a few letters for the dead letter office. That office isn't here anymore. It's been moved to Philadelphia. Most of the letters that go to that office are addressed to that have been wrongly addressed. We're not allowed to open the mail of that sort here. They do that in Philadelphia."

Mr. Duffy said the Government is advertising for someone to paint the interior and exterior of the post office building, and to repair the concrete walks where the tree roots have pushed up the cement.

In closing out the interview Mr. Duffy left this message to all those who intend sending packages overseas to anyone for Christmas. The dates set are from Oct. 15 to Nov. 15. All packages sent after Nov. 15 are not guaranteed to reach the receiver by Christmas. Those packages going to Japan should be sent before the end of October. The packages must be packed and tied correctly or they will be rejected. He stressed the fact that cigarettes are prohibited in most areas. For any further information inquire at the post office.

LAST PERIOD SCORE BRINGS VICTORY TO BRISTOL TOWNSHIP

Bristol Junior High Loses To Township Team By Score of 13 to 6

SCORE WAS TIED ONCE

Lefler Scored the Six-Pointer On Three-Yard Spurt

A last period score gave Bristol Township a 13-6 victory over the Bristol Junior High eleven yesterday afternoon on the local field.

Bristol had tied the score in the second session and held the Township to even terms in the third quarter when Joe Conturso's lads pushed over a touchdown in the final canto. Lefler scored the six-pointer on a three-yard spurt around end. To make victory certain, Eisenbrey place-kicked the extra point.

Township took the lead early, registering a score in the first session on a 33-yard pass. Saul to Lefler. "Ben" Watson's boys tied it in the second period when "Al" Petrizzi went over from the 3-yard line.

Lineups:
Bristol Twp. (13): (4) Bristol Jr. High

RAMBLERS SCORE OVER BURLINGTON EAGLES

The Bristol Ramblers opened the hockey season in capital letters Sunday night as they defeated the Burlington Eagles, 6-0, at the Burlington Skating Rink, in a fast-fought Eastern States Roller Hockey League battle.

The Bristol team now being coached by Lewis Smith, of Crofton, battered the Eagles from the start.

Skating faster, handling the disc more cleverly, the Ramblers never gave the Burlington boys a chance. They scored two goals the first period, one the second and three in the third. So close-knit was the Ramblers defense that the Eagles found it very hard to get the disc over the blue line into Bristol's territory.

EXPECT RECORD FIELD OF DRIVERS AT SPEEDWAY

The anticipated record field of 100 drivers for the 100-Mile National Championship midget auto race at Babcock's Langhorne Speedway Sunday was virtually assured when three more stand-out chauffeurs of the doodle-bugs filed entries for the marathon title test.

Duane Carter, of Fresno, Cal.; Wally Stokes, spectacular midget manipulator from Honolulu, Hawaii, and Mike Joseph, president of the ARDC, are among the most recent pilots to send in signed entry blanks. This trio, along with George Marshman and Hawley Kight, bring the number of entries at the present time to more than seventy.

Carter, a veteran campaigner, won the 500-lap championship contest at the Los Angeles Coliseum in July. He also scored title victories at Detroit and Buffalo, N. Y. The Fresno Flash drives one of his own Offenhausers and has the sensational Wally Stokes behind the wheel of a second entry.

Stokes has done most of his campaigning in the mid-west and has competed in the East only once before. Last year he made his debut locally in a fast-running V-8. Carter has made only previous trip to the East this season, driving in ARDC competition over the short tracks.

Mike Joseph is driving an Offenhausers this year for the first time, and has been most consistent on the dirt as well as on the small raceways. He has scored triumphs at every ARDC track and he also has won many special events.

Joseph's most recent victory was in a 50-lap title race at Williams Grove, Pa., two weeks ago. The veteran campaigner has been manipulating the small cars since 1939.

George Marshman, of Norristown, Pa., and Hawley Kight, of Philadelphia, are two other veterans who commenced their racing careers on the large ovals.

Regardless of the size of the entry list, only the fastest 33 qualifiers will lineup for the 100-mile championship on Sunday. Time trials will be held on Saturday, October 11, starting at 12 o'clock noon, and again on Sunday, from 12 to 2 p. m.
